## LKMS PTA and FES PTA are excited to present SCREENAGERS:

Growing Up in the Digital Age, a documentary about the biggest parenting issue of our time.  
[ View the trailer: <https://www.screenagersmovie.com> ]

Did you know?

- ✚ Kids spend an average of 6.5 hours a day on screens (not including school work).
- ✚ 78% of teens check their devices at least hourly.
- ✚ Teens can send on average 30 – 100 messages a day.

“Are you watching kids scroll through life, with their rapid-fire thumbs and a six-second attention span? SCREENAGERS addresses the most pervasive parenting issue of our time head on—depicting teen struggles over social media, video games, and internet addiction. The film empowers kids to best navigate the digital world and provides practical resources to help them do it.”

Our goal for hosting this event is to engage our community (parents, students, and teachers) in conversations around the technology topics highlighted in SCREENAGERS that are meaningful for our families.

Please join us at Lime Kiln Middle School on May 19th for a FREE showing of this documentary with small group family discussions to follow afterwards. All parents or guardians and their school-aged students are invited, along with educators from our school communities.
